Ton Rabelink

We are excited to present the premiere of the Nephro Update Europe on 6–7 October, 2017 in Vienna!

Based on the remarkable success of the Update symposia in Germany for 10 years, we are pleased to introduce the concept to a European audience. This is your chance to get a complete, scientific update from the European leaders in Nephrology!

You will receive:

- a relevant, practical summary of all major developments as published in international literature
- 14 expert, scientific lectures with take-home messages for you to implement in your daily work
- a full print or digital compendium for your continued reference, to ensure improved patient care
- unbiased medical content
- and many opportunities to interact with speakers and delegates during and after the presentations!

Join us for 2 exciting days, to interact with colleagues, exchange ideas, and get updated!

We are looking forward to welcoming you to Vienna!

Sincerely,

Kai-Uwe Eckardt

Ton Rabelink
