THE DATE!**

# **10<sup>th</sup> Congress of the Vascular Access Society**

**April 5–8, 2017 | Ljubljana, Slovenia**  
**[www.vas2017.org](http://www.vas2017.org)**

- **Patient centered vascular access**
- **Heart and arteries in chronic kidney disease**

**See you in Ljubljana, one of the smallest  
and most charming European capitals!**

Dear colleagues,

The biannual Vascular Access Society (VAS) Congress is the most important international meeting for vascular surgeons, radiologists, nephrologists, dialysis nurses... – simply for all, who take care of dialysis access patients.

The next (10<sup>th</sup>) VAS Congress will be held in Ljubljana (Slovenia) on April 5–8, 2017.

**Please come to the next VAS congress and hear both traditional and new topics:**

**Other topics**

- Facilitation of native avfs maturation..
- Hand ischemia
- Salvage of failing access-surgery, percutaneous
- VA and mortality risk
- Surveillance and monitoring
- Too deep access: what to do?
- Surgery – state of the art, new techniques
- Endovascular interventions challenges

**REGISTRATION IS NOW OPEN!**

**Summarize your data and send the abstract or simply come and listen to your colleagues' experiences.**

**Take advantage of the early bird registration and register online at [www.vas2017.org](http://www.vas2017.org)!**
